DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 79-85 in the reply filed on 15 May 2006 is acknowledged. The traversal is on the ground(s) that it would not be a serious burden for the Examiner. This is not found persuasive because even though another Examiner may not have restricted claims from another patent application, the groups of the instant application are still distinct.

The requirement is still deemed proper and is therefore made FINAL.

Priority

2. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in 10/601,793 on 23 June 2003. It is noted, however, that applicant has not filed a certified copy of the Japanese application as required by 35 U.S.C. 119(b).

Specification

3. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

4. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

5. Claims 79-85 are allowed.

Art Unit: 2879

6. The following is an examiner's statement of reasons for allowance: Regarding independent claim 79, the prior art of record neither shows nor suggest an OLED comprised of, in part, a light-absorbing auxiliary electrode that is thermally and electrically conductive and in electrical and thermal contact with the continuous transparent electrode and located over the gaps between the light emitting elements of the display, along with the rest of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. This application is in condition for allowance except for the following formal matters:

Please refer to the above action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
